INSTALLATION GUIDE

Note: This product must be installed by a licensed trade. This is a general installation guide - there are many factors that are involved that can alter the installation method.

1) Refer to UK male adaptor install.

2) Slide the cover plate onto the arm. Carefully screw the arm onto the brass thread until the threaded end is adjacent to the wall/tile or ceiling face and the outlet is facing down. Do not tighten and be careful not to damage the decorative finish. Push the cover plate until it meets the wall/ceiling face.

3) Refer to individual product guide for installation of shower head.

Note: To ensure the shower head is plumb please see the following instructions below;
